

# Conforta<sup>®</sup> 1-piece colostomy pouches

The 1-piece, practical and reliable colostomy pouches, feature a flexible and skin-friendly wafer with optimum adhesion. These closed pouches are very discrete in terms of odour and noise. The material used is designed for comfort and prevents irritation of the skin.

- 1 100% hydrocolloid wafer, extremely skin-friendly and flexible

Excellent balance between secure adhesion to skin and easy removal.

- 2 Soft, breathable and water-resistant tissue to one or both sides – in white or beige

The tissue feels pleasant, prevents perspiration and dries fast after swimming or showering.

- 3 Virtually noise-free film in transparent or beige  
Impermeable to odour.

- 4 Skin wafer

Available in pre-cut sizes or can be cut to measure.

- 5 Optional carbon filter

Removes odour and prevents 'ballooning' of the pouch.

- 'Dual adhesive' pouches

Feature an additional micro-porous collar for extra adhesion and security.
