

Conforta[®] 1-piece ileostomy pouches

The practical and reliable 1-piece ileostomy pouches have been fitted out with a flexible and skin-friendly skin wafer with optimum adhesion. The drainable pouches are very discrete in terms of odour and noise. After emptying they can be easily sealed with the plastic clip provided. The material used is designed for comfort and prevents irritation of the skin.

- 1 100% hydrocolloid wafer, extremely skin-friendly and flexible

Securely attaches to skin and yet is easy to remove.

- 2 Soft, breathable and water-resistant tissue to one or both sides – in white or beige

The tissue feels pleasant, prevents perspiration and dries fast after swimming or showering.

- 3 Virtually noise-free film in transparent or beige

Impermeable to odour.

- 4 Solid plastic clip

For leak-free sealing.

- 5 Skin wafer

Available in pre-cut sizes or can be cut to measure.

- 6 Optional carbon filter

Removes odour and prevents 'ballooning' of the pouch

- 'Dual adhesive' pouches

Feature an additional microporous collar for extra adhesion and security.

Order codes

Product code	Description	Colour	Tissue	Hole Size	Package quantity
NDTCS10012	Post-op	Transparant	Single Layer	cut-to fit 12-100mm	30
NDXCS10012	Maxi	Transparant	Single Layer	cut-to fit 12-60mm (oval 75mm)	30
