

Conforta[®] 1-piece urostomy pouches

The refined 1-piece urostomy pouches comes with a skin-friendly and extra thick skinwafer that feels pleasant to touch and provides extremely good adhesion.

The material used is designed for comfort and prevents irritation of the skin. The reliable pouches are very discrete in terms of odour and noise. Thanks to the flexible drain, the pouch can be easily emptied.

Standard

Dual Adhesive

- 1 Flexible, extra thick hydrocolloid skin patch
Prevents skin damage caused by aggressive uric acid
- 2 Skin wafer
Available in pre-cut sizes or can be cut to measure.
- 3 Virtually noise-free film
Impermeable to odour.
- 4 Soft, breathable, and water-resistant outer tissue
This feels pleasant, prevents perspiration and dries fast after swimming or showering.

- 5 Flexible drain-spout for emptying.
Easy to attach to universal overnight urine drainage bag or leg bag.
- Minimum risk of leakage thanks to the non-return valve
Prevents the urine from flowing back towards the stoma.
- 'Dual adhesive' pouches
Feature an additional micro-porous collar for extra adhesion and security.
