

# Conforta<sup>®</sup> 2-piece ileostomy pouches

The highly reliable 2-piece ileostomy system consists of a flexible flange, fitted out with a ring plus ileostomy pouches that can be clicked onto this ring very easily. The material used is designed for comfort and prevents irritation of the skin. These drainable pouches are very discrete in terms of odour and noise. After emptying they can be easily sealed with the plastic clip provided.

- 1 **100% hydrocolloid skin patch, extremely skin-friendly and flexible**  
Optimal attachment to skin, with easy removal.
- 2 **Soft, breathable and water-resistant tissue to one or both sides – in white or beige**  
The tissue feels pleasant, prevents perspiration and dries fast after swimming or showering.
- 3 **Virtually noise-free film in transparent or beige**  
Impermeable to odour.
- 4 **Solid plastic clip**  
For leak-free sealing.

- 5 **Skin patch**  
Available in pre-cut sizes or can be cut to measure.
- 6 **Optional carbon filter**  
Removes odour and prevents 'ballooning' of the pouch
- 7 **Comfortable, reliable and secure ring-system**  
The pouches can be clicked onto the baseplate very easily.
- 8 **'Dual adhesive' flanges**  
Feature an additional microporous collar for extra adhesion and security.
